"Has been more destructive to human health and life than war, pestilence and famine combined." So said a distinguished writer many years ago, and it is as true to-day as then. The poor victim of Blood Disease is drugged with Mercury to cure the malady, and then dowed with loddles to cure him of the Mercurial Poloning; but instead of any relief, the first breaks down has general health and makes him a cripple, and the other ruins his digestive organs. To those efflicted in this way Swiff's Specific is the greatest boon on earth, and is worth more than its weight in gold. It anticlotes this Mercurial Polson, tones up the system, and brings the sufferer back to health and happiness. Every terson who has ever been salivated should by all means take a thorough course of this remedy.

JAPPARSONVILLE, Twiggs Co., Ga.
Five years ago I found on my plantation as colored man who was badly diseased. He stated that five years before he had contracted a violent case of Blood Potson, and had been troated by many physicians, all failing to cure him. I treated him with swift's Specific, and in a short time he was sound and well, and has not had a symptom of the disease since.
